Sohan

Airport Operations Manager

Heathrow is the UK's biggest airport with thousands of colleagues working hard around the clock to make sure the airport is running smoothly.

There are lots of ways to describe what you see, feel and do at the airport.

Task A

Can you think of a noun, verb and adjective beginning with each letter of the alphabet that can describe Heathrow Airport?

Use the table on the next page to complete the task. Don't forget to be as imaginative as you like! Don't have a printer? No problem. Simply draw a table similar to the next page on a sheet of paper.

REMEMBER: The differences between nouns, verbs and adjectives can be confusing, here are their definitions and examples to help you understand them better.

Nouns: the names of people, places or things e.g. Passenger, Aircraft, Runway

Verbs: words that are used to describe an action e.g. flying, eating, packing

Adjectives: words that describe a noun e.g. quick, loud, gigantic
